

MOUNT LAUREL COMMUNITY EDUCATION PRESENTS

SCIENCE TECHNOLOGY ENGINEERING ART MATHEMATICS

2019 SUMMER CAMP @ PARKWAY SCHOOL

{ MAKEY MAKEY } { ROBOTICS } { CIRCUITS } { CODING } { EXPERIMENTS }
{ ART & DESIGN } { LEGOS } { K'NEX } { CARDBOARD CHALLENGES }

All new
activities
this year!

This full day program, for children entering 2nd through 6th grade, offers an exciting environment where your child's **creativity, innovation, and problem-solving** skills will be utilized while participating in hands-on activities! Mount Laurel STEM/Gifted Education teacher, Kelly Schew, as well as Parkway's Media Specialist, Danielle Bieler, will teach the camp.

Daily **STEAM** and **Makerspace** activities will have campers learning about concepts such as circuits, physics, coding, robotics, and simple machines... while creating projects that will have them eager to learn more!

What will your child create this summer?

Children, entering 2nd through 6th grade, are welcome to enroll in one of the following sessions:

Session #1 - July 8-12

Session #2 - July 15-19

9 am - 3pm

Families will pay a supply fee of \$25.00 per child, per week plus \$300 per session, per child.

Register using the form attached or by visiting: <http://bit.ly/2GI mj74>

For information about camp, please contact Kelly Schew kschew@mtlaurelschools.org
