August 24, 2020

Dear Parents/Guardians,

In the release of our ***A Path to Reopen 2020 - A Restart and Recovery Plan***, we reported that we would provide you narrated powerpoint presentations of the plan.

We are pleased to provide you with links to our presentations for your convenience. We separated the presentation into 3 parts. Each part of the presentation covers specific sections of the plan.

The ***A Path to Reopen 2020 Plan - Part I*** presentation covers the first part of the plan and discusses the Conditions for Learning that must be included in the plan before schools can reopen.

In the ***A Path to Reopen 2020 Plan - Part II*** presentation, we discuss both the Leadership and Planning as well as the Policy and Funding sections of the plan.

In ***A Path to Reopen 2020 Plan - Part III***, we cover the Continuity of Learning components of the plan, which addresses the Delivery of Special Education and Related Services (see special presentation on special education for more detail), Technology and Connectivity, Curriculum,

Instruction, and Assessment, and finally Professional Development.

In this presentation, entitled ***A Path to Reopen 2020 Plan - Special Education***, Dr. Willard and I discuss and present our considerations for ensuring the delivery of special education and related services to students with disabilities.

We hope that you find these presentations helpful and if you have any questions, please do not hesitate to use our special email account below to send your questions to us.

MTLReopen2020@mtlaurelschools.org

Sincerely,
Dr. George J. Rafferty
Superintendent of Schools
