***Inspiring potential. Enriching futures.***

Dear Hartford Families,

Our staff members have been very busy over the past few days preparing for our school closure due to the COVID-19 situation, leading to a "remote learning" approach for the time we are away from our building. I would like to thank all of the teachers, office staff, instructional staff, technology support staff, for all of their hard work, flexibility, collaboration, and ingenuity it took to make this work. Hartford is an extremely special place with the most dedicated staff with whom I have ever been associated. I have been incredibly impressed with how everyone has come together to ensure we optimize our students' learning from home for the upcoming weeks.

Online learning for students will begin Wednesday, March 18th. The remainder of the week will involve students logging into the classroom and getting acclimated to where things are and retrieving assignments. Our teachers have shared a schedule with you detailing this. Below is the schedule that students will follow beginning Monday. Your child can follow this schedule by signing on to their teachers' Google Classroom at the allotted time. The teacher could use various mediums to instruct students such as a video lesson, a posted assignment, and/or a presentation. There are many creative activities that can be infused into online learning. Teachers will also be available during their allotted "Office Hours" to interact with your child through email, Google Classroom, and Google's video conferencing app, Google Meet. If you should have any questions regarding any of your child's assignments, I would encourage you to reach out to your child's teachers through email. Administration, guidance, and other support personnel will also be available to you and their email addresses can be found on the district website. Thank you for all of the support you have given us and please stay safe.

Sincerely,

Marques Stanard  
Principal of Hartford School
