*Inspiring potential. Enriching futures.*

March 17, 2020

Dear Springville Parents/Guardians:

I'm sure you've been keeping up with Dr. Rafferty's communications regarding our unexpected school closure. We are working diligently to plan for meaningful instruction for the days children will be home, and I wanted to share your children's remote learning schedule with you.

Below are the Springville Remote Learning Schedules for Grades 1-4 and Kindergarten, which will begin Wednesday, March 18. Your child can follow this schedule by signing on to their teachers' Google Classroom at the allotted time. The teacher could have an assignment, a video lesson, and/or a presentation. Teachers will also be available during their scheduled time to interact with your child through email, Google Classroom, and even through Google's video conferencing app, Google Meet.

I encourage you to set a regular schedule for your child to access their classroom and interact with their teacher. Children thrive on structure and consistency, and this consistency will help them feel more confident and secure in this change from a regular classroom to a remote learning environment.

In addition to the subjects listed on the schedule, our support staff such as counselors, reading specialists, speech therapists, and special education case managers are available during "school hours" to work with your child.

Our teachers are prepared and excited to deliver high-quality remote learning and I commend them for their efforts. I will be blogging to stay in contact with you while we are virtual, and I encourage you to follow me at [springvilleelementary.wordpress.com](http://springvilleelementary.wordpress.com). I know this is a stressful time for everyone, but we will get through this by working together to support your child's academic needs. If at any point you have questions while we are out of school, please contact me at gmitchell@mtlaurelschools.org.

Thank you for all of your support!

With best wishes for your continued good health,

Dr. Gailen H. Mitchell
