The 20-hour annual requirement shall be reduced by a pro rata share reflecting the use of family or medical leave. It is the individual teacher's responsibility in accordance with district policies, to assure that a teacher meets the professional development requirement. There is no mandated financial obligation on the part of the district.

The content of each PDP shall be developed by each teacher's supervisor in consultation with the teacher and shall align with the Professional Standards for Teachers in N.J.A.C. 6A:9-3.3 and the Standards for Professional Learning in N.J.A.C. 6A:9-15.3.3 (see 4131/4131.1 Staff Development, Exhibit). The PDP shall be effective for one year and shall specify, at a minimum:

- A. One area for development of professional practice derived from the results of observations and evidence accumulated through the teacher's annual performance evaluation;
- B. As appropriate, an additional area for development of professional practice aligned to the teacher's role as a member of his or her collaborative professional learning team. The professional learning team consists of teachers, school leaders, and other administrative, instructional, and educational services staff members who commit to working together to accomplish common goals and who are engaged in a continuous cycle of professional improvement focused on:

Progress on the PDP must be discussed during a minimum of one annual conference between the teacher and his or her supervisor. Each teacher shall provide evidence of progress toward meeting the requirements of his or her individual PDP, and this evidence must be reviewed as part of each conference. The PDP shall be revised at a minimum annually but may be adjusted as necessary to support the teacher's progress. All teachers shall have an individual PDP within 30 instructional days of the beginning of their respective teaching assignments.

A teacher's individual PDP goals may necessitate more than the recommended minimum requirements. The PDP shall accommodate additional professional development as necessary. Additional hours of qualifying activities may be required for teachers in low-performing schools, as determined by the Commissioner.

The board of education shall ensure that all teachers receive the necessary opportunities, support, and resources to engage in ongoing professional learning and to complete the requirements of their respective PDPs.

Corrective Action Plans

When a teaching staff member is rated ineffective or partially effective on the annual summative evaluation, as measured by the evaluation rubrics, a corrective action plan shall be developed by the teaching staff member and the chief school administrator or the teaching staff member's supervisor.

When the summative evaluation rating is calculated before the end of the school year, then the teacher and supervisor shall meet to develop and discuss the corrective action plan prior to September 15 of the following school year. The conference to develop and discuss the corrective action plan may be combined with the teaching staff member's annual summary conference that occurs at the end of the year of evaluation.

When the ineffective or partially effective summative evaluation rating is received after the start of the school year following the year of evaluation, then the teacher and supervisor shall meet to develop and discuss the corrective action within 15 teaching staff member working days following the district's receipt of the summative rating.

The content of the corrective action plan shall replace the content of the individual professional development plan until the next annual summary conference.

EVALUATION (continued)

action plan shall discuss the teaching staff member's progress toward the goals outlined in the corrective action plan during each post-observation conference that is required by the district evaluation policies and procedures.

Progress toward the teaching staff member's goals outlined in the corrective action plan may be used as evidence in the teaching staff member's next annual summative evaluation; however, such progress shall not guarantee an effective rating on the next summative evaluation.

Responsibilities of the evaluated employee on a corrective action plan shall not be exclusionary of other plans for improvement determined to be necessary by the teaching staff member's supervisor.

Mid-Year Evaluation of the Corrective Action Plan

The School Improvement Panel shall ensure teachers with a corrective action plans receive a mid-year evaluation. If the corrective action plan was created before the start of the academic year, the mid-year evaluation shall occur before February 15. Training shall include detailed descriptions of all evaluation rubric components, including, when applicable, detailed descriptions of student achievement measures and all aspects of the educator practice instruments;
- B. Training on the teacher and principal practice instruments shall be provided for any supervisor who will conduct observations for the purpose of evaluation of teachers, principals, assistant principals, or vice principals. Training shall be provided before the observer conducts his or her first observation for the purpose of evaluation (all supervisors using the principal practice instrument for the first time in 2013-2014 shall be provided training before October 31, 2013);
- C. Any supervisor who will observe teaching and/or principal practice for the purpose of increasing accuracy and consistency among observers shall be provided annual updates and refresher training on the teacher and principal practice instruments;

EVALUATION (continued)

- D. Each supervisor who will conduct observations for the purpose of evaluation of a teacher shall complete two co-observations annually, during the academic year:
1. At least one co-observation shall be completed by December 1:
 2. Co-observers shall use the double observation to calibrate teacher practice instruments, promote accuracy in scoring, and to continually train themselves on the instrument:
 3. A co-observation shall count as a required observation as long as the observer meets the requirements of law and this policy (see Teacher Observation and Observation Conferences below). A co-observation shall count as one of the required teacher observations;
- E. Chief school administrators shall annually certify to the Department of Education that all supervisors of teaching staff members in the school district who are utilizing educator practice instruments have completed training on the instrument and its application and have demonstrated competency in applying the educator practice instruments.

Implementation

This policy and related procedures shall be reviewed at least yearly, and any necessary revisions made before readoption by the board.

The chief school administrator shall notify each teaching staff member of the board adopted evaluation policies and procedures no later than October 1. If a staff member is hired after October 1, the teaching staff member shall be notified of the evaluation policies and procedures at the beginning of his or her employment.
