Pupils shall be taken to the nearest hospital as quickly as may be consistent with the emergency, except in those cases where the parents or family physician request or direct that the pupil be taken elsewhere. If there is no family preference and no family physician listed, the pupil shall be taken to the nearest hospital, accompanied by an administrator/designee and remain with the pupil until the arrival of the parents. The parents shall be notified immediately after arrival of the pupil at the hospital. Maximum parental guidance shall be requested to avoid misunderstanding.
