# E-A-G-L-E-S Dominate in Super Bowl LIX

## Super Bowl LIX Halftime

The game was not the only exciting event, as one of the most popular moments during the Super Bowl was the halftime show. This year, rapper Kendrick Lamar held the honor. He performed several of his hits including "HUMBLE," "DNA," "Euphoria," and "TV Off" (among others). However, the most exciting song he played was "Not Like Us," as it was one of his most popular songs.

As is common with most presenters at the halftime show, Lamar was joined by some special guests. Joining Lamar were SZA, who played "Luther" and "All the Stars," and Samuel L. Jackson who dressed up like Uncle Sam. While many viewers thought it was one of the best half-time Super Bowl performances, others disliked it.

Super Bowl LIX (59) was one of the most exciting and anticipated sporting events this year. The Harrington fan-favorite Philadelphia Eagles, coached by Nick Sirianni, played against the Kansas City Chiefs (coached by Andy Reid). Both teams battled for the Vince Lombardi Trophy at the Caesars Superdome in New Orleans, Louisiana.

This game was expected to be very

competitive, and most experts predicted the Chiefs to win. There was a lot at stake for both teams. If the Eagles won, it would be their second Super Bowl victory ever, while a Chiefs win would mean the first three-peat (3 Superbowl wins in a row) in NFL history.

The Eagles took an early 7-0 lead in the first quarter scoring a 1-yard touchdown by Jalen Hurts using their signature "tush-push," a popular play where multiple

people push the quarterback to gain yards. Then, in the second quarter, Jake Elliot scored a 48-yard field goal, extending their lead. On defense, Cooper DeJean made an incredible interception, leading to a 38-yard pick-six. The Eagles recovered the ball again, and A.J. Brown scored a 12-yard touchdown - expanding their lead to a whopping 24-0 at halftime!

In the 3rd quarter, Jake Elliot made another field goal, and DeVonte Smith had a 46-yard

touchdown. Kansas City finally put some points on the board with a touchdown by Xavier Worthy, but they missed the 2-point conversion.

During the 4th quarter, Jake Elliot drilled another two field goals, giving the Eagles 40 points. At the very end, the Chiefs scored two touchdowns, but they were way too late to stop the Eagles. The Eagles dominated with a final score of 40-22.

### Fun Facts:

- ~Although Saquon Barkley gained only 57 yards in LIX, he broke the NFL single-season rushing yards record with 2,504 yards - beating former record-holder Terrell Davis.
- ~Approximately 83,000 fans showed up to the Super Bowl in person.
- ~A 30-second Super Bowl ad costs around 7-8 million dollars.

## Seventh and Eighth-Grade Snowballs

By Catherine A.

Both the 7th and 8th grades classes had their Winter Snowball Dances at the end of January. As with the fall socials, both the gym and the cafeteria were open to the students – the dancing primarily taking place in the lunchroom. Unlike the fall socials, the Snowball was a semiformal, and HMS students showed up looking their best!

The halls of Harrington were decorated with festive balloon arches and wintry decorations. Upon entering the cafeteria, students were greeted with more decorations as well as themed backdrops for pictures.

*Pictured: Math teachers Ms. Weiner, Ms. Naticchione, and Ms. Barnett join in the fun at the seventh-grade Snowball.*

The DJ was taking request for songs all throughout the night. Some of the top songs that were requested included: “F!EN,” “Lip Gloss,” “Starships,” “Not Like Us,” and “Only Girl in the World.” When these songs started playing, you could see and hear the excitement! Everyone in the cafeteria started singing at the top of their lungs and they danced to the beat of the music.

The dance was so much fun. Seventh-graders can’t wait to see what next year’s dances have in store, while eighth-graders look forward to their Promotion Dance this spring.

## SOUP-er Bowl Success!

## Scholastic Book Fair Returns to HMS Library

By Yashvi R.

It is February, so that means it was time for the Scholastic Book Fair to return to HMS. Readers were excited to check out the latest releases in literature, but books were not the only items for sale!

Aside from the candy competition and “Guess the Snowball” game, there were lots of fun things to buy like the posters, bookmarks, cute pens, journals, and notebooks. They also sold supplies and accessories for your gadgets, such as phone holders, magnetic mirrors, mouse pads, and best-friend necklaces.

The fair also offered specialty books! For example, if you’re a Swiftie they had her biography! They had coloring, crafting, and cook books for HMS students who like to work with their hands.

The fair ran 4 days from February 3rd to 7th. All-in-all, it was a great success and raised a lot of money for the HMS library. Thank you to the PTO volunteers, Mrs. Gallagher, and Mrs. Fitzpatrick for all of their hard work!

## DEI Policies Under Fire

By Natalie B.

One of President Trump's first orders as newly re-elected president was to freeze funding of the organizational frameworks that seek to promote the fair treatment and full participation of all people, particularly groups who have been discriminated against in the past or subject to discrimination based on identity or disability. This framework is commonly known as Diversity, Equity, and Inclusion (DEI).

Why is this important? To answer this question, you have to go back decades to the Civil Rights Movement of the 1950s-60s. As most know, there was extreme racial segregation in US South, but after many years of fighting and protesting the Civil Rights Act was signed and put into play. The Civil Rights Act of 1964 banned employment discrimination based on race, religion, sex, color, gender, and national origin. It also outlawed all segregation in all public places.

Under this law, the Equal Employment Opportunity Commission (EEOC) was

created, which helped get rid of employment discrimination. In the 1960s and '70s, employees began filing discrimination lawsuits with the EEOC, compelling many US companies to promote diversity in the workplace - including providing diversity training to all employees.

Most of the diversity programs started when Lyndon Johnson was president because he signed affirmative action for all federal contractors to ensure equal employment opportunities. This was the start of the DEI framework which stated, "hire without regard to race, religion, gender, and national origin" and "take affirmative action to ensure that applicants are employed and that employees are treated during employment, without regard to their race, color, religion, sex or national origin."

Fast forward to 2020 when the flame for action against discrimination was reignited, and people started paying more attention to workplace equality and the DEI.

Now, in 2025, Trump is trying to stop funding for the DEI because, in his words, he is, "ending radical and wasteful government DEI programs and preferencing." He also states that revoking the DEI act will, "coordinate the termination of all discriminatory programs, including illegal DEI and 'diversity, equity, inclusion, and accessibility' mandates, policies, programs, preferences, and activities in the Federal Government, under whatever name they

appear." Reportedly, President Trump is removing this diversity program to find money for the government and other departments.

With the future of DEI/DEIA programs, policies, and funding in question, countless US citizens are concerned for their livelihoods, safety, and well-being. It is important to note, though, that Trump's new policies are being met with both protest and legal action.

\*This article was written on February 4th. All information, standings, and stats are 'as of that date.'

### Eagles

The Philadelphia Eagles are in Super Bowl 59! They are playing the Kansas City Chiefs for the second time in the past three years. Last time we played KC we did lose with a final score of 38-35. Many fans have high hopes for this year – thinking that we might beat them. It seems that most of America is rooting for the Eagles, even if they don't like us, as not a lot of people want to see the Chiefs win a three-peat.

Just as they were in entering Super Bowl 52, the Eagles are the underdogs with a 48.8% of winning while the Chiefs have a 51.2% chance.

*Update: The Birds took Super Bowl LIX with a final score of 22-40!*
