

DISTRICT GOALS AND OBJECTIVES

2024 - 2025

GOAL 1:

Build and sustain a culture of inclusion, belonging and opportunity

- Implement district mission, vision and equity statement
- Review, revise and update district discipline practices in K-8 grades
- Promote a culture of inclusion throughout district educational programs for all students
- Continue efforts to recruit, hire and promote highly qualified, diverse staff

GOAL 2:

Use data-driven decision-making to meet the academic and social-emotional needs of all students

- Provide professional development on organizing student data for teacher and administrator use
- Implement interventions to address student learning loss
- Address disproportionality issues identified in school performance reports (i.e. achievement, attendance)
- Support the social-emotional needs of all students

GOAL 3:

Enhance and evaluate select district educational programs

- Continue to implement district literacy curriculum and instructional approaches for all students in grades K-8
- Provide professional development on district literacy curriculum and instructional approaches for staff K-8
- Update curriculum and instructional programs and resources
- Review, assess and implement the district math curriculum and programming
- Improve district organizational structures to promote growth and learning

GOAL 4:

Year 3 of the Implementation of Universal Preschool

- Continue to administer preschool programs and classrooms
- Continue to develop inclusive preschool educational settings
- Plan expansion efforts for the 2025-2026 school year
